

An Overview of Asset Investment

This video provides an overview of the Asset Investment Team and the service they provide at Anchor Hanover.

Planned Works Toolkit

The Planned Works Toolkit has been designed as a simple guide to help you understand Anchor Hanover's approach to Planned Investment and to provide clarity on Anchor Hanover's process for delivery of Planned Investment Projects.

The aim is to support the delivery of planned works projects in a structured and consistent way across all regions in line with Anchor Hanover's Planned Investment Policy and Processes.

So whether you are new to Anchor Hanover or looking to refresh your knowledge, there is a wealth of information and supporting documents in one easy to access location.

Click '**Open Toolkit**' to get started.
